A Letter from the President...

SAINT MICHAEL'S COLLEGE

Office of the President

June 5, 2007

To the Class of 2007:

It is with great pleasure and pride that I congratulate the members of the Class of 2007. Your many achievements have been made possible by your hard work, commitment to learning, supportive relationships with each other and a genuine desire to succeed.

I also wish to express my deep gratitude to the faculty and staff of Saint Michael's for their enduring dedication to the College and the Class of 2007. Their involvement has been integral to the process of your lifelong education; in turn, staff and faculty have benefited from your presence during the past four years. This volume of the *Hilltop* will always be a positive reminder of and tribute to our shared experiences and the contributions of those who have departed from the Saint Michael's College campus.

It is my earnest hope that your years here at Saint Michael's will continue to enrich your lives far into the future. You have my best wishes for success in all your endeavors.

Once again, congratulations!

Sincerely,

Marc A. vanderHeyden
President

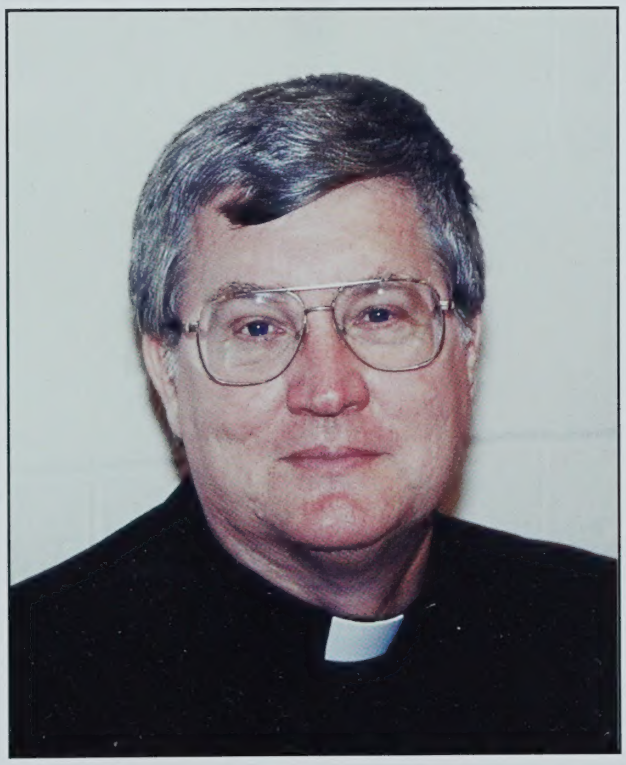
Congratulations

to Jamila Headley

In 2006 Jamila was named a Rhodes Scholar. These scholarships bring outstanding students from many countries around the world to the University of Oxford. Jamila held a 4.0 GPA during her years at Saint Michael's, has been a leader in several HIV/AIDS awareness projects, and traveled to Tanzania twice to educate others on AIDS.

Jamila, we wish you luck in your next three years at Oxford!

After six years as Director of the Edmundite Peace and Justice Center, Father Mike Cronogue is stepping down. However, Father Mike will stay involved in the Saint Michael's Community. Thank you for all your hard work!



The 2007 Edition of the Hilltop is dedicated to

Jennifer F. Cernoisa

Making a difference from 1978-2007

After 29 years of service to the Saint Michael's Community, Jennie Cernosia is leaving with us, the Class of 2007. She touched all of us in some way, whether through orientation, graduation, or various student activities. Her office was home to many of us, an open and safe space we were welcomed into. Jennie, we wish you the best of luck in all that you do and thank you for all you have done for us.

Equestrian Club

The newly formed Equestrian Club takes weekly lessons at New Horizons Farm in Essex, which is about fifteen minutes away from campus. The club was started by Sarah James, who recently transferred leaving responsibility to a few loyal members. Lessons of about four to five people are once a week, taught by trainer and barn manager, Rosemary Root. The club hopes to make club status in the upcoming year.

Fly Fishing

The Fly Fishing Club serves as an optional continuum for students who have taken the first year seminar, "A River Runs Through It." The club is designed to make available the necessary means to teach, learn and actively participate in the hobby/sport of fly-fishing. In addition, the club explores the environmental concerns that threaten fly fishing in the Burlington/Middlebury area, and works to eliminate them.

Celtic Knights

Celtic Knights is open to everyone with the desire to learn Irish Step Dancing. No previous experience is required. The group is run by students who not only teach traditional steps but also create new choreography for shows and concerts throughout the year. The Celtic Knights perform in three or four shows/concerts every year.

Drama Club

The Drama Club funds activities for those students who are Fine Arts majors or simply enjoy the spirit of drama. This club sponsors speakers, trips and student directing projects.

French Club

This was The French Club's first year as a club. They hold conversation circles every week on Thursday evenings. All are welcome to join and speak french. A member of the faculty is invited to attend at least once a week. The club took a trip to Montreal this year to watch a biography of Edith Piaf in French (La Mome) and go to the Biodome, they also hosted French film showings.

Hilltop

The Hilltop publishes a yearbook highlighting the events of the past year.

Not In My Home, Not In This Space

"Not in my Home, Not in THIS Space" refers to the commitment we have as a community against hurtful words and actions. Racism, sexism, homophobia, and any other acts that marginalize anyone in our community have no place here. Those behaviors are unacceptable to us, and will not be tolerated within our classes, our homes, and our lives here at Saint Mike's.

It's not enough to have a community at three in the afternoon on a school day; it also has to exist at three in the morning on a Saturday. We are asking you to provide leadership as seniors and be role models of this school.

We all know that it is our homes people come to on the weekends, and because of that, we felt that it's important to start with seniors and then bring the message to the rest of the school. Hurtful things said behind closed doors have a way of leaking out and spilling over once alcohol starts to flow. Please be mindful of each other and watch out for hateful behavior. And do something about it.

In a few short weeks we'll be leaving Saint Michael's. Let's leave here knowing we made an impact. Let us start making it clear that we do not, and will not, tolerate discrimination against any member of our community. We are asking that we all hold each other responsible. Help us to stop normalizing hateful behavior, by calling people on their actions, and their words.

We are currently working on printing small, laminated signs that say "Not in my Home, Not in THIS Space." The goal is to post these on all our doors to show that we are committed to being inclusive. If we are going to interact as a class, it is important that everyone in our class feels safe and welcome. Please show your support by posting these signs on your door, and sharing this initiative with the underclassmen.

Not in my home, not in this space,

CLASS OF 2007

Commencment Speech
May 17, 2007

To President vanderHeyden, honored guests, Faculty, Staff, Family, Friends, and the Class of 2007,

Saint Michael's College has been a strong touchstone for all of us in our journey. As much as many of us think this is high point of our life and how can it get any better than our time here at Saint Michael's, this is just the beginning. Our school has opened many doors for us and has been a stepping stone to the next point in our lives. Now, we must take what we have learned here and apply it to our future experiences

Saint Michael's has provided us with many opportunities within the classroom and through a diverse selection of extra-curricular activities, the chance to question many different aspects of life. Our time here at Saint Michael's has not necessarily given us answers, but has raised questions. We have been encouraged to question the world around us, the leaders of our nation and the world, and most especially the meaning of life. Sometimes good answers give rise to new questions.

Being the oldest of four, and a big sister to a 4 ½ and 1 ½ year old, I have read many children's books over the years. I have found that children's literature has been underestimated. In fact, I believe that children's literature has a vast ability to raise questions about life that we all think about every day. The questions in children's literature may be simple and profound, but are in fact applicable to all ages!

One of my favorite books that comes to mind is "The Three Questions" by Jon J. Muth, with which you may also be familiar. This book is based on the famous story by the Great Russian novelist and moral philosopher Leo Tolstoy, about a Vietnamese Zen Master. This story is about a boy named Nikolai who wanted nothing more than to be a good person. He was unsure of how he should act and turned to his friends with the three questions about life.

When is the best time to do things?
Who is the most important one?
What is the right thing to do?

Nikolai turned to his friends; the heron, the monkey, and the dog, to each give their answers to the three questions. Nikolai loved his friends and respected their answers because he knew that they were trying to help him, but he knew that they weren't exactly right. He then realized that he should talk to the Turtle, who was very old and wise; surely he would know the answers!

Nikolai spent some time with the Turtle, helping him and others around him. But as his time with the Turtle drew to a close Nikolai felt as though his questions were not yet answered. The turtle then said the Nikolai, answering his three questions: "Remember then that there is only one important time, and that time is now. The most important one is always the one you are with. And the most important thing is to do good for the one who is standing at your side. For these, my dear boy, are the answers to what is most important in this world."

The "now" that is referred to in "The Three Questions" applies to us as graduating Seniors. What have you done in the "now", or your time at Saint Michael's College? What are some things that you want to set as goals and that each of you have as your personal dreams? These are some questions that we each are asking ourselves, or the inevitable question that we all seem to be asked, "What are you doing after college?" We don't necessarily have to know this! And even for those of us who do have jobs or a place we will be next year, this isn't necessarily the answer to our next step in life. Saint Michael's has been such a huge part of us, but now we must learn to take our past, our "now", and move into our future.

We came here with questions we hoped would be answered. Some of our greatest questions were be answered by our professors, coaches, or other adults we have worked with here, who were our elders and provided us with great knowledge often. Maybe they have not necessarily answered our questions, but they have given us new questions to take the next step in life.

As we approached this day, many of us have felt the confines of the bubble that we call Saint Michael's College. I challenge you to break through the bubble that surrounds us and take in what this world has to offer. We have been exposed through questioning and answering what there is beyond here. We also have so much more to explore. Don't be afraid of the uncertainty that lies ahead, but rather you should embrace it.

My high school science teacher gave each of us a bookmark with a quote on it when we graduated, and mine read "Never underestimate the power of a dream." This has been a motivator for me for the past four years and I challenge you to do the same. Take some time to explore, grow, and dream of things you want to do for the world and people around you, but also remember to dream for yourself.

A very wise, but not so old role model of mine has a quote by Ralph Waldo Emerson on a magnet on her refrigerator. This quote has also become a favorite of mine over the years and I hope that each of you will find some sort of words of wisdom in it to take with you as you leave here.

"To laugh often and much; To win the respect of intelligent people and the affection of children; To earn the appreciation of honest critics and endure the betrayal of false friends; To appreciate beauty, to find the best in others; To leave the world a bit better, whether by a healthy child, a garden patch or a redeemed social condition; To know even one life has breathed easier because you have lived. This is to have succeeded."

These words are important not only for what they say but for how we are reminded of them. They are not lodged in a five year plan or career goals, they are at a place we visit daily at the outset; the refrigerator. They are to be lived and acted upon NOW with those around us. This is the time.

To the class of 2007, I am humbled and honored. Good luck in your future endeavors and don't forget to enjoy the ride!

-Lauren Remmes, 2007 Senior Class President

Dear Jackie, Laura, Eve, Katie, and Meg
Girls of "101"
I can't believe four years have passed already. I feel like five of my daughters are going out on their own. I'll miss you all very much (especially the talks and advice calls). Jackie, Mr L still owes you another breakfast at Denny's.

CONGRATULATIONS AND THE VERY BEST OF LUCK
WITH LOVE
The Lombardi Family

So I have this plan
I call it the Van Plan
I will buy a bus, a mini, a blue van
anything for any money I have
and I will drive
Place my foot on the gas
and pretend I'm the only one alive as I fly
unencumbered down the roads less traveled
my hair unraveled as the wind rushes through the open or broken windows
The journey won't take long because time doesn't belong in this scenario
Below me the pavement rushes like it's the one that's running but I am the one who has
cunningly fooled the houses as they stare me down.
I'm free
living my version of the American dream,
searching searching searching
for this place which I know exists I persist in my quest to find Eden
or a reasonable facsimile thereof
I don't care how much my confidence is beaten down by
flat tires or barb wire waitresses and vile gas station attendants with contentious smiles
The sun will set and I'll drive blind with the two eyes of light my only source of a form of
comfort I fight to stay
awake
the road won't beat me down
and yet it rushes by like it's the one that's running
but I am the one that has cunningly fooled the barricades and road cones as they stare me down.
The problem with failure is that everyone thinks it is an inevitable thing but I won't face it for the
simple reason that I've seen it and I don't like and won't abide it for I know you think I'll stop
but all I have to say is see you on the flip side
because my gas tank is full
my responsibility, for now, is empty
and the speedometer is broken.

Kate Power

We love you Kate! Mom, Dad, and Nathan

Dear Rikki,

It was only four short years ago that you embarked on your journey to St. Michael's College. Being a journalism major we hoped that great stories were yet to be written by you. As the years unfolded these hopes began a reality. Your accomplishments and awards began to define your talent. St. Michael's helped you grow into an intelligent, compassionate, energetic young journalist.

Congratulations to you and your classmates.
You have made us very proud.
We love you.
Mom and Dad

From the beginning

He would have
been as proud as I
am.

To laugh often and much,
To win the respect of intelligent people and the affection of children,
To earn the appreciation of honest critics,
To appreciate beauty, to find the best in others...

To leave the world a bit better,
To know even one life has breathed easier because you have lived...

Dearest Katie,

We are so proud of who you are. Congratulations on your great success.

All our love,
Mom, Dad, and Conor

Best of luck in all that you do!

"May you be poor in misfortune, rich in blessings, slow to make enemies, quick to make friends. But rich or poor, quick or slow, may you know nothing but happiness from this day forward."
-Irish Blessing

"I wanted a perfect ending. Now I've learned, the hard way, that some poems don't rhyme, and some stories don't have a clear beginning, middle, and end. Life is about not knowing, having to change, taking the moment and making the best of it, without knowing what's going to happen next. Delicious ambiguity."
